A

- abdominal aortic aneurysm, suspected leakage of (*tip*), January, p. 308
- acellular pertussis vaccine (*tip*), March, p. 360
- acetylcysteine therapy, oral (*tip*), April, p. 291
- acrodermatitis enteropathica (*sci*), February, p. 151
- acyclovir, prophylactic use of, in herpes simplex labialis (*tip*), March, p. 348
- adjuvant therapy for early breast cancer, effects of (*tip*), June, p. 291
- adolescent health care privacy, AAFP issues joint guidelines on (*med rep*), May, p. 382
- adolescent privacy and health care (*ed*), May, p. 121
- adolescents
 - with closed-head injuries, cognitive loss in (*tip*), March, p. 371
 - obese, blood pressure and weight loss in (*tip*), February, p. 329
 - smoking among (*tip*), June, p. 258

- aging, hematopoietic function and effects of (*tip*), May, p. 362
- AIDS
 - advanced, passive immunization in (*tip*), February, p. 330
 - cardiac abnormalities in patients with (*tip*), March, p. 383
 - parotid lymphadenopathy as a manifestation of (*tip*), May, p. 346
 - progression to, in HIV-infected men (*tip*), March, p. 379
 - toxoplasma peritonitis in (*tip*), January, p. 284
 - vascular skin lesions associated with (*tip*), January, p. 266
- air in the biliary tree as a sign of small bowel obstruction (*tip*), March, p. 283
- airline travel, deep venous thrombosis after (*tip*), February, p. 303
- alcohol abuse in the elderly (*sci*), April, p. 173
- alcoholic cirrhosis, liver transplantation for (*tip*), February, p. 355
- alcoholics, benzodiazepine use in (*tip*), June, p. 247
- alcoholism in the elderly (*tip*), February, p. 338
- allergy/immunology: recommended core educational guidelines for family practice residents, May, p. 379
- amenorrhea, exercise-induced (*sci*), February, p. 213
- analgesia, patient-controlled, improves pain relief (*news*), January, p. 319

- anemia
 - in the elderly (*sci*), March, p. 129
 - sickle cell, bone marrow transplantation for (*tip*), January, p. 246
- anesthesia, therapeutic suggestions during (*tip*), February, p. 272
- aneurysm(s)
 - aortic, cardiovascular risk criteria and surgery for (*tip*), March, p. 333
 - aortic, MRI vs. angiography in (*tip*), March, p. 375
 - congenital, of the left ventricle (*tip*), March, p. 372
 - splenic artery (*tip*), May, p. 341
- angiography, MRI vs., in aortic aneurysms (*tip*), March, p. 375
- angioplasty
 - acute coronary occlusion following (*tip*), March, p. 301
 - coronary, asymptomatic restenosis after (*tip*), June, p. 234
 - transluminal, acute coronary occlusion after (*tip*), June, p. 253
- anion gap, elevated, metabolic acidosis with (*sci*), April, p. 159
- anorexia nervosa in adulthood (*sci*), January, p. 173
- antibiotic therapy in preterm labor (*tip*), May, p. 341
- antibodies, IgE, sexually transmitted, and vaginitis (*tip*), February, p. 324
- anticardiolipin syndrome (*sci*), January, p. 107
- antidepressants in chronic pain syndromes (*sci*), April, p. 233
- antihypertensive therapy and arteriolar morphology (*tip*), May, p. 335

- anticardiolipin syndrome (*sci*), January, p. 107
- antidepressants in chronic pain syndromes (*sci*), April, p. 233
- antihypertensive therapy and arteriolar morphology (*tip*), May, p. 335

antiviral agents for respiratory infections (*tip*), January, p. 300
 antiviral therapy (*sci*), February, p. 235
 anxiety disorder, generalized (*sci*), February, p. 137
 aorta, ascending, atherosclerotic plaques in (*tip*), April, p. 313
 aortic dissection, acute, creatine kinase levels in (*tip*), March, p. 360
 aortic valve, balloon dilatation of (*tip*), April, p. 299
 aortic valve stenosis, isolated, coronary disease in (*tip*), February, p. 279
 apnea, sleep, syndrome, and nocturnal mortality (*tip*), March, p. 292
 appendicitis, subhepatic (*sci*), June, p. 146
 Arnold-Chiari malformation: a diagnostic challenge (*sci*), March, p. 207
 arteriolar morphology, antihypertensive therapy and (*tip*), May, p. 335
 arthritis
 —acute gouty, intravenous nitroglycerin and (*tip*), April, p. 294
 —reactive, poststreptococcal (*tip*), April, p. 300
 arthrogyposis (*sci*), January, p. 113
 arthroscopic meniscectomy, injury of the popliteal artery during (*tip*), April, p. 313
 aspartame, clinical safety of (*sci*), February, p. 201
 asphyxia, intrapartum, in cerebral palsy (*tip*), February, p. 344

aspiration, foreign body, in young children (*tip*), January, p. 282
 aspirin and the hemodynamic response to nitroglycerin (*tip*), January, p. 305
 asthma
 —premenstrual exacerbation of (*tip*), February, p. 282
 —respiratory failure from (*tip*), April, p. 336
 atelectasis, rounded (*sci*), June, p. 135
 atherosclerotic plaques in the ascending aorta (*tip*), April, p. 313
 athletic examinations, sex and race differences in (*tip*), January, p. 261
 atomic weapons research, cancer risk among workers in (*tip*), March, p. 340

B

bacillus Calmette-Guérin therapy for bladder cancer (*tip*), June, p. 303
 bacteremia, anaerobic, in a neonatal ICU (*tip*), May, p. 356
 bacterial cultures, negative, osteomyelitis-like disease with (*tip*), May, p. 307
 bacterial infections
 —pediatric, once-daily ceftriaxone therapy for (*tip*), March, p. 336
 —severe, and C-reactive protein (*tip*), May, p. 322
 balloon dilation
 —of the aortic valve (*tip*), April, p. 299
 —unilateral pulmonary edema after (*tip*), February, p. 298
 Bartholin's gland cancer (*sci*), April, p. 195

battered women, identifying (*tip*), May, p. 287
 benzodiazepine use in alcoholics (*tip*), June, p. 247
 bereaved parents, mortality and (*tip*), February, p. 326
 beta-adrenergic agonists, inhaled, for bronchoscopy-induced cough (*tip*), April, p. 305
 bicycle helmet use and safety (*tip*), January, p. 244
 biliary stones, large, nonoperative removal of (*tip*), April, p. 314
 biliary tree, air in, as a sign of small bowel obstruction (*tip*), March, p. 283
 biochemistry, stress and depression (*tip*), March, p. 376
 birds, pet, and lung cancer (*tip*), May, p. 371
 birth weight and childhood growth patterns, association of (*tip*), June, p. 238
 blacks and whites, prevalence of cigarette smoking in (*tip*), February, p. 259
 bladder cancer, bacillus Calmette-Guérin therapy for (*tip*), June, p. 303
 blood pressure and weight loss in obese adolescents (*tip*), February, p. 329
 body image attitudes and eating behavior (*tip*), March, p. 358
 bone
 —fibrous dysplasia of (*sci*), March, p. 179
 —malignant fibrous histiocytoma of (*sci*), February, p. 209
 bone marrow transplantation for sickle cell anemia (*tip*), January, p. 246

bone mass, low, in relatives of patients with osteoporosis (*tip*), June, p. 282

bowel diseases, inflammatory

- Part I. Classification and cancer risk (*sci*), January, p. 216
- Part II. Extraintestinal involvement and management (*sci*), February, p. 225

bowel, large, neoplasia, *Streptococcus bovis* septicemia and (*sci*), April, p. 227

bowel obstruction, small, air in the biliary tree as a sign of (*tip*), March, p. 283

bowel syndrome, irritable (*sci*), June, p. 159

brain metastases, recurrent, management of cancer patients with (*tip*), June, p. 284

Branhamella catarrhalis infections (*sci*), February, p. 125

breast cancer

- bilateral, and estrogen receptors (*tip*), February, p. 323
- early, effects of adjuvant therapy for (*tip*), June, p. 291
- histologic grade and hormone receptors in (*tip*), March, p. 380
- metastatic, high-dose chemotherapy for (*tip*), April, p. 335
- screening for (*sci*), June, p. 89

breast cancer prognosis, value of hormone receptors in (*tip*), April, p. 363

bromocriptine therapy, pleuropulmonary disease and (*tip*), March, p. 327

bronchioloalveolar carcinoma, solitary (*tip*), January, p. 269

bronchitis, plastic (*tip*), February, p. 266

bronchogenic cysts (*sci*), April, p. 129

bronchopleural fistula, window thoracostomy for (*tip*), June, p. 286

bronchopulmonary dysplasia, children with, respiratory infections in (*tip*), February, p. 254

bronchoscopy-induced cough, inhaled beta-adrenergic agonists for (*tip*), April, p. 305

bulimia in college students (*tip*), March, p. 301

bullous resection, bilateral, and spontaneous pneumothorax (*tip*), March, p. 371

C

Calmette-Guérin, bacillus, therapy for bladder cancer (*tip*), June, p. 303

cancer

- Bartholin's gland (*sci*), April, p. 195
- bladder, bacillus Calmette-Guérin therapy for (*tip*), June, p. 303
- breast, bilateral, and estrogen receptors (*tip*), February, p. 323
- breast, early, effects of adjuvant therapy for (*tip*), June, p. 291
- breast, histologic grade and hormone receptors in (*tip*), March, p. 383
- breast, metastatic, high-dose chemotherapy for (*tip*), April, p. 335
- breast, screening for (*sci*), June, p. 89

- cervical, cigarette smoking and (*sci*), January, p. 243
- cervical, in young women (*tip*), June, p. 309
- lung, pet birds and (*tip*), May, p. 371
- nasopharyngeal, chemotherapy and radiotherapy for (*tip*), April, p. 310
- oral, recognizing (*tip*), April, p. 330

cancer patients with recurrent brain metastases, management of (*tip*), June, p. 284

cancer prognosis, breast, value of hormone receptors in (*tip*), April, p. 363

cancer risk

- classification and: inflammatory bowel diseases. Part I. (*sci*), January, p. 216
- among workers in atomic weapons research (*tip*), March, p. 340

cancer threat, potential, genital warts should be monitored as (*news*), January, p. 320

carbon dioxide therapy in acute mountain sickness (*tip*), February, p. 253

carcinoma

- bronchioloalveolar, solitary (*tip*), January, p. 269
- of the gallbladder (*tip*), June, p. 230
- squamous cell, DNA content and prognosis in (*tip*), April, p. 352

cardiac abnormalities in patients with AIDS (*tip*), March, p. 283

cardiac chest pain, esophageal vs. (*tip*), January, p. 270

- cardiac tamponade
 - fatal, and Kaposi's sarcoma (*tip*), March, p. 354
 - neoplastic (*tip*), February, p. 318
- cardiac transplantation and hypercholesterolemia (*tip*), May, p. 288
- cardiac tumors and associated hereditary syndromes in children (*tip*), March, p. 289
- cardiovascular risk in hypertensive patients, reducing (*tip*), January, p. 276
- cardiovascular risk criteria and surgery for aortic aneurysm (*tip*), March, p. 333
- cardioverter-defibrillator, automatic implantable (*sci*), January, p. 141
- carotid arteries, diagnostic evaluation of (*tip*), May, p. 372
- carotid artery disease, noninvasive evaluation of (*tip*), February, p. 344
- carotid bypass, subclavian-external, for cerebral ischemia (*tip*), January, p. 275
- ceftriaxone therapy, once-daily, for pediatric bacterial infections (*tip*), March, p. 336
- cellulitis, needle aspirates in (*tip*), April, p. 344
- cerebral ischemia, subclavian-external carotid bypass for (*tip*), January, p. 275
- cerebral palsy, intrapartum asphyxia in (*tip*), February, p. 344
- cerebrospinal fluid, polymorphonuclear leukocytes in (*tip*), January, p. 272
- cervical cancer
 - cigarette smoking and (*tip*), January, p. 243
 - in young women (*tip*), June, p. 309
- cesarean section rates, lowering (*tip*), June, p. 258
- chemotherapy
 - high-dose, for metastatic breast cancer (*tip*), April, p. 335
 - and radiotherapy for nasopharyngeal cancer (*tip*), April, p. 310
- chest pain
 - in children (*tip*), February, p. 310
 - esophageal vs. cardiac (*tip*), January, p. 270
- child molestation and pedophilia (*tip*), June, p. 280
- child, spoiled, syndrome (*tip*), May, p. 287
- childhood, radiotherapy in, and subsequent CNS tumors (*tip*), April, p. 369
- childhood injuries from stairway falls (*tip*), March, p. 382
- childhood serial seizures, sublingual lorazepam for (*tip*), March, p. 310
- children
 - acute pancreatitis in (*tip*), February, p. 316
 - under age three, Group A streptococcal infection in (*tip*), April, p. 358
 - with bronchopulmonary dysplasia, respiratory infections in (*tip*), February, p. 254
 - cardiac tumors and associated hereditary syndromes in (*tip*), March, p. 289
 - with central precocious puberty, leuprolide therapy in (*tip*), April, p. 354
- chest pain in (*tip*), February, p. 310
- convulsions associated with shigellosis in (*sci*), May, p. 217
- with encopresis, behavior inventory scores in (*tip*), March, p. 313
- exercise in (*tip*), May, p. 332
- head trauma in, severity of, clinical predictors of (*tip*), April, p. 316
- household electrical injuries in (*tip*), June, p. 313
- infants and, pancreatic disorders in (*tip*), June, p. 270
- lumbar puncture depth in, estimation of (*tip*), February, p. 253
- necrotizing fasciitis in (*tip*), June, p. 268
- peptic ulcer disease in (*tip*), March, p. 284
- preschool-age, norms for intelligible speech in (*tip*), March, p. 365
- with respiratory infections, multiple pathogens in (*tip*), January, p. 284
- Sjögren's syndrome in (*tip*), May, p. 360
- streptococcal bacteremia in (*tip*), February, p. 306
- tuberculosis in (*tip*), January, p. 250
- young, foreign body aspiration in (*tip*), January, p. 282
- cholecystitis, acalculous (*tip*), April, p. 305
- cholesterol, use of dietary fiber to lower (*sci*), April, p. 137
- cholesterol counseling (*ed*), April, p. 110

cholesterol levels, childhood and adult, association between (*tip*), February, p. 315
 cholesterol-lowering effect of colony-stimulating factor (*tip*), June, p. 222
 cholesterol screening, mass (*tip*), March, p. 342
 chorioamnionitis, intrapartum vs. postpartum treatment of (*tip*), May, p. 319
 cigarette smoking
 —and cervical cancer (*tip*), January, p. 243
 —prevalence of, in blacks and whites (*tip*), February, p. 259
 circumcision, infant, AAP releases statement on (*med rep*), May, p. 382
 cirrhosis, alcoholic, liver transplantation for (*tip*), March, p. 355
 closed-head injuries, cognitive loss in adolescents with (*tip*), March, p. 371
 CNS tumors, childhood and subsequent, radiotherapy in (*tip*), April, p. 369
 cocaine (*sci*), February, p. 115
 cocaine abusers, relapse in (*tip*), April, p. 358
 cognitive loss in adolescents with closed-head injuries (*tip*), March, p. 371
 coitus during pregnancy (*tip*), June, p. 221
 colonic polyp(s)
 —skin tags and (*tip*), February, p. 288
 —small (*sci*), May, p. 199
 colony-stimulating factor, cholesterol-lowering effect of (*tip*), June, p. 222

colorectum, surgery for radiation-induced lesions of (*tip*), January, p. 272
 compartment syndrome, chronic (*sci*), February, p. 191
 compliance, medication, improving, in the elderly (*tip*), June, p. 292
 computerized consultation in reproductive toxicology (*tip*), February, p. 261
 convulsions associated with shigellosis in children (*sci*), May, p. 217
 core educational guidelines, the Academy's (*ed*), May, p. 120
 coronary artery spasm following exercise (*tip*), January, p. 243
 coronary bypass surgery, long-term survival following (*tip*), March, p. 308
 coronary disease in isolated aortic valve stenosis (*tip*), February, p. 279
 coronary occlusion
 —acute, following angioplasty (*tip*), March, p. 301
 —acute, after transluminal angioplasty (*tip*), June, p. 253
 cor pulmonale, tumor cell microemboli as a cause of (*tip*), April, p. 306
 corticosteroid withdrawal, algorithm for (*sci*), March, p. 250
 cosmetic, ingestion of, accidental cyanide poisoning after (*tip*), June, p. 230
 cotton swab test for evaluating stress incontinence (*tip*), February, p. 343
 cough, bronchoscopy-induced, inhaled beta-adrenergic agonists for (*tip*), April, p. 305

cramps, leg, nocturnal, in the elderly (*tip*), January, p. 270
 C-reactive protein, severe bacterial infections and (*tip*), May, p. 322
 creatine kinase levels in acute aortic dissection (*tip*), March, p. 360
 creatinine clearance estimates in obese patients (*tip*), January, p. 256
 cyanide poisoning, accidental, after ingestion of a cosmetic (*tip*), June, p. 230
 cyclosporine and pancreatic islet function (*tip*), May, p. 310
 cyclosporine update (*sci*), April, p. 275
 cystadenoma of the seminal vesicle, symptoms of (*tip*), March, p. 379

D
 danazol therapy for immune thrombocytopenic purpura (*tip*), June, p. 300
 defibrillator-cardioverter, implantable, automatic (*sci*), January, p. 141
 dementia
 —(*sci*), April, p. 241
 —differentiating, from depressive pseudodementia (*tip*), April, p. 357
 —and driving (*tip*), June, p. 247
 depression
 —in primary care practice, recognition of (*tip*), June, p. 221
 —stress, biochemistry and (*tip*), March, p. 376
 —tinnitus and (*tip*), January, p. 255
 dermatosis, acute febrile neutrophilic (*sci*), March, p. 199
 dexamethasone therapy for bacterial meningitis (*tip*), March, p. 313

diabetes, Type II, high-monounsaturated-fat diet in patients with (*tip*), March, p. 366
 diabetic patients, hyperkalemia due to drugs in (*sci*), January, p. 225
 diaphragm (*sci*), May, p. 231
 difficult patient, managing (*ed*), January, p. 87
 diltiazem therapy after myocardial infarction (*tip*), February, p. 300
 distal deep venous thrombosis, treatment of (*tip*), February, p. 286
 ditiocarb in HIV infection (*tip*), March, p. 336
 diverticulum, Zenker's, cervical esophageal webs and (*tip*), April, p. 315
 DNA content and prognosis in squamous cell carcinoma (*tip*), April, p. 352
 Down syndrome and longevity (*tip*), April, p. 306
 driving, dementia and (*tip*), June, p. 247
 drowning, adult, factors associated with (*tip*), June, p. 224
 drug abuse, intravenous, pulmonary complications of (*tip*), February, p. 282
 drug concentrations, serum, in surgical patients (*tip*), January, p. 278
 drug-induced illness in elderly patients (*tip*), June, p. 240
 drugs, nonprescription, and the elderly (*sci*), June, p. 175
 DTP vaccine and sudden infant death syndrome (*tip*), January, p. 243
 dyspepsia unassociated with ulcer (*tip*), January, p. 263

dysphagia
 —(*sci*), January, p. 147
 —due to diffuse idiopathic skeletal hyperostosis (*sci*), April, p. 149
 dysplasia of bone, fibrous (*sci*), March, p. 179
 dystrophy, reflex sympathetic (*tip*), May, p. 372

E

eating behavior, body image attitudes and (*tip*), March, p. 358
 effusion, acute otitis media with, management of (*tip*), January, p. 246
 Ehrlichiosis, clinical features of (*tip*), April, p. 309
 elderly
 —alcohol abuse in (*sci*), April, p. 173
 —alcoholism in (*tip*), February, p. 338
 —anemia in (*sci*), March, p. 129
 —health promotion in, and family physicians' attitudes (*tip*), March, p. 348
 —hypertension in (*tip*), February, p. 333
 —improving medication compliance in (*tip*), June, p. 292
 —nocturnal leg cramps in (*tip*), January, p. 270
 —nonprescription drugs and (*sci*), June, p. 175
 —urinary tract infections in (*sci*), May, p. 125
 elderly foot, nail and hyperkeratotic problems in (*sci*), February, p. 101
 elderly patient(s)
 —drug-induced illness in (*tip*), June, p. 240

—preoperative evaluation of (*sci*), January, p. 123
 elderly persons, healthy, urinary incontinence in (*tip*), January, p. 278
 electrical injuries, household, in children (*tip*), June, p. 313
 embolectomy, pulmonary (*tip*), March, p. 314
 emergency department strategy for increasing adult immunization (*tip*), June, p. 294
 empyema
 —pediatric, surgical management of (*tip*), April, p. 322
 —treatment of (*tip*), May, p. 365
 encopresis, behavior inventory scores in children with (*tip*), March, p. 313
 endometrial polyps, clinicopathologic findings in (*tip*), February, p. 300
 endometriosis and infertility (*tip*), April, p. 292
 enteroliths, jejunal diverticula, and intestinal obstruction (*tip*), February, p. 271
 epostane, 3-HSD inhibitor, termination of early pregnancy with (*tip*), April, p. 309
 esophageal varices, distal splenorenal shunt for (*tip*), June, p. 237
 esophageal vs. cardiac chest pain (*tip*), January, p. 270
 esophageal webs, cervical, and Zenker's diverticulum (*tip*), April, p. 315
 estrogen receptors, bilateral breast cancer and (*tip*), February, p. 323
 exercise
 —in children (*tip*), May, p. 332
 —coronary artery spasm following (*tip*), January, p. 243

exercise-induced amenorrhea (*sci*),
February, p. 213
exercise-induced hypotension (*tip*),
April, p. 347
eyelid, malignant lesions of (*sci*),
January, p. 95

F
falls, stairway, childhood injuries
from (*tip*), March, p. 382
family intervention in psychiatric
patients (*tip*), March, p. 356
family physicians, meeting society's
need for (*ed*), May, p. 119
family practice, future of (*ed*),
February, p. 85
FDA approvals, significant, in 1988
(*FDA*), June, p. 317
fiber, dietary, use of, to lower
cholesterol (*sci*), April, p. 137
fiberoptic bronchoscopy, diagnosis of
pleural effusion with (*tip*),
February, p. 285
fibroids, uterine, risks for (*tip*), May,
p. 348
finger pads, tophaceous deposits in
(*tip*), May, p. 353
first-trimester pregnancy, problematic
(*sci*), January, p. 185
fish oil, effects of, on
hypertriglyceridemia (*tip*),
March, p. 354
fistula, arteriovenous, after
venipuncture (*tip*), May, p. 330
folliculitis, pruritic, of pregnancy
(*sci*), March, p. 189
fragile-X syndrome (*sci*), May, p. 185

G
gallbladder, carcinoma of (*tip*), June,
p. 230

gallstones, recurrence of, and NSAID
therapy (*tip*), April, p. 338
gastric mucosa and spicy foods (*tip*),
May, p. 338
gastric ulcer, refractory, and
prostaglandin therapy (*tip*),
March, p. 319
gastroesophageal reflux and
respiratory disorders (*tip*),
February, p. 274
genital warts should be monitored as
a potential cancer threat (*news*),
January, p. 320
geriatric abuse, emergency evaluation
of (*tip*), April, p. 369
glaucoma, primary congenital (*sci*),
May, p. 159
gonorrhea in women, risk factors for
(*tip*), January, p. 266
Gordius robustus, pseudoparasitism
with (*sci*), March, p. 139
Graves' disease, surgical treatment of
(*tip*), March, p. 345
growth in the premature, small-for-
gestational-age infant (*tip*), June,
p. 303
growth patterns, childhood,
association of birth weight and
(*tip*), June, p. 238
Guillain-Barré syndrome in
pregnancy (*sci*), May, p. 147
gynecomastia (*sci*), April, p. 215

H
hamartoma, congenital smooth
muscle (*sci*), June, p. 114
hand problems in pregnancy (*sci*),
June, p. 123
head trauma in children, clinical
predictors of severity of (*tip*),
April, p. 316
